TUITION POSTINGS

We have a new payment schedule this season! April's tuition was posted on the 1st of this month along with a notification email. April's tuition is due and will be auto-drafted on the 25th of March. Visit the office before the deadline if you would like to pay with cash or check.

EVALUATIONS

The previous round of Evaluations for this season have been uploaded and are available to view on everyone's Parent Portal account.

March 25th - 29th we will have our final round of evaluations for our Flip-Tastics and Boy's Classes! Just a reminder, during class, the coaches will take students around the gym and ask them to perform skills they have been working on in class. Each student will have his/her own skill sheet that the coach will mark throughout the class time; students will receive a check for each skill they have mastered. We will then process all of the evaluations online and your child(ren)'s progress will be available to view on your Parent Portal account (please bear with us as it will take some time). This is an excellent time for students to refresh knowledge on the basics and focus on skill progression and for our coaches to evaluate each individual student's abilities and needs. Should a student complete a level over the course of the year, he/she will have the opportunity to receive a medal and certificate for such level at the End of the Year Awards Show in May.

**The Gym will be CLOSED
